# I. Introduction

**Stavian Green Packaging (SGP)** is a member of Stavian Group - **the leading chemical distributor in Asia and ranked 15th globally in 2025.** We manufacture high-quality, eco-friendly PP packaging for customers across Europe, the United States, and all over the world.

With a modern 36,000 m<sup>2</sup> facility in Phu Tho Province and a production capacity of **up to 200 millions bags per year**, SGP offers a comprehensive product portfolio - including PP woven and non-woven fabric, heat-sealed bags and sewing bags. With a strategic vision of exporting 90% of its output to our key markets, SGP is committed to quality, flexibility, and sustainability on the journey toward a greener future.

# I. Introduction

## Our Ecosystem

Our industrial ecosystem forms a strong foundation for operations, integrating multiple production capabilities within a well-coordinated network. This strength enables a **highly resilient and efficient supply chain**, ensuring stability, flexibility, and consistent delivery across diverse market demands.

## II. Vision - Mission - Core Values

### Vision & Mission

**Stavian Green Packaging** aims to become a leading company in the packaging industry in Vietnam, with a prominent position, both regionally and internationally. The company is committed to sustainable development and creating long-term value for employees, investors, and community.

**Stavian Green Packaging** is always a pioneer in researching and applying the most advanced technology to produce high quality products and services at reasonable costs in order to bring maximum satisfaction to partners and customers.

### Core Values

## III. Why Choose Us?

### 1. Unique Strengths

As part of **Stavian Group, the largest distributor of plastic resins in Vietnam and Southeast Asia**, Stavian Green Packaging benefits from a strong and stable upstream supply foundation. The company is advancing toward a more integrated model through projects to self-produce PP and PET resins, along with the development of a recycling plant, enhancing cost control and long-term sustainability.

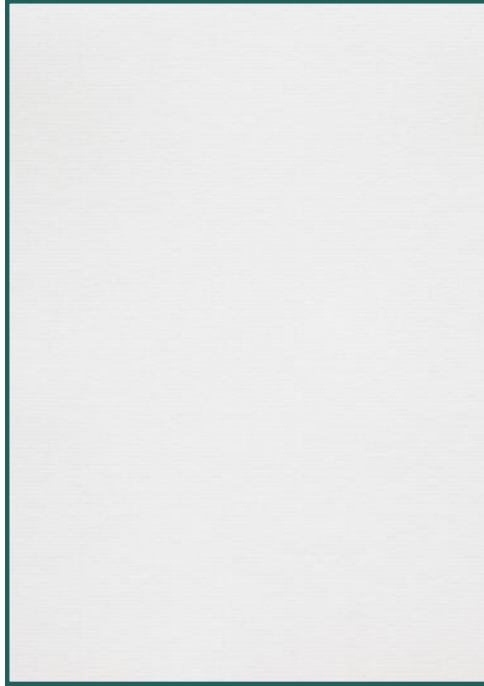

### 2. Commitment to Customers

Modern production technologies and integrated bag-making systems ensure **consistent quality and efficiency**. Located in Phu Tho Province, Stavian Green Packaging's facilities benefit from **competitive labor costs**, enabling optimized pricing while maintaining high standards.

### 3. Trust & Sustainability

Strong backing from Stavian Group ensures **stable input supply and transparent cost control**. Combined with recycling initiatives and ongoing investment in production, the company demonstrates commitment to sustainability while building reliable, long-term partnerships.

## IV. Certificates

# OUR WORLDWIDE PARTNERSHIP

**100+** GLOBAL MARKET

Distribution countries & territories

**500+** RELIABLE PARTNERS

Domestic & international customers

Building on the strong foundation of our parent company, Stavian Group—with a presence in **over 100 global markets** and a network of **more than 500 domestic and international partners** - Stavian Green Packaging aspires to become a pioneering manufacturer in the green packaging sector in Vietnam.

We are committed to delivering **high-quality export products** that meet the most stringent international standards, while advancing our business in parallel with **environmental responsibility** and creating **sustainable value** for communities and the global ecosystem.

## VIII. Our Thanks

### *Our Thanks*

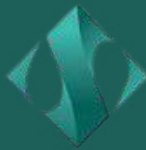

**Stavian Green Packaging** extends our deepest gratitude to our valued partners, customers, and all stakeholders who have trusted, supported, and walked alongside us on the journey of building a green and sustainable packaging industry – for the benefit of today's generation and those to come.

Every signed contract, every solution brought to life, and every ton of eco-friendly packaging delivered to the market bears the mark of your partnership. Your trust and high standards have continuously inspired us to innovate our technology, optimize our production processes, and enhance our product quality every single day.

**Stavian Green Packaging** remains firmly committed to pioneering the green packaging movement – where business success goes hand in hand with environmental responsibility. We will keep listening, improving, and delivering the most sustainable values, fully deserving of your continued trust and partnership.

Once again, thank you from the bottom of our hearts. We wish you, your families, and your businesses continued success, prosperity, and good health.

**Stavian Green Packaging** - *Building a greener, more sustainable future, together with you.*
